What People Are Saying About BMI

❖ "I was most impressed with Dr. Blackaby's genuineness and authenticity. He is just a regular guy who has been used in special ways because of his relationship with the Father. Thank you for bringing him in to encourage us and remind us that it is about spirituality not celebrity."

❖ "I very much appreciate the casual structure of today's event. I have a sense of God's presence and wisdom, which for me, today, is way more important than a canned spiel with PowerPoint outlines and graphics. What is being shared today comes out of Spirit-filled experience. This is both challenging and encouraging. (I wish I was 20 years younger or heard this 20 years ago.)"

❖ "God used Dr. Blackaby and the Gift Day to strengthen my soul to remind me of my priorities and to deepen my passion for ministry. Also, I sensed several specific words from the Lord to which I need to respond."

❖ "Wow. Like a fire hydrant or hose. Lots of food not just for thought but for soul. I have been well fed but more importantly I am not sure I can pastor the same way after leaving Dr. Blackaby. What a great day!"

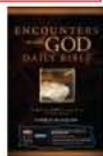

❖ "God was affirming me in a place of real insecurity. As a new pastor, a first time, middle-aged woman pastor called out through crisis of belief that requires faith and action, this [time] has been an important affirmation."
